Power Consumption:	60 W (maximum)
Hopper Capacity:	1.000 coins (mixed denominations)
Coin Box Capacity:	100 - 400 coins (depending on denomination)

Just pour mixed denomination euro coins into the large capacity hopper. CS300 will do the counting and sorting job for you in one operation.

Advantages

BellCoin CS300 is a unique novelty among coin counters due to a build quality and counting speed never seen before in this price segment. Long-life operation is ensured.

The affordable price level combined with simple, intuitive operation makes CS300 the obvious choice.

The easy access to all parts of the counting mechanism makes routine maintenance and cleaning easy to perform.

Warranty

12 months against all defects in material and labour.

Benefits

Just pour your mixed euro coins in the high capacity hopper, press Start, and CS300 will count and sort the coins into 8 coin boxes.

Use the preset batch stop functions to prepare for coin rolls, cash drawers or bank deposits.

View a detailed counting report in the large display or print a receipt including time and date on an external printer (optional).

BellCoin CS300 saves your valuable time and money.

Approvals

RoHS compliant and CE marked.

BellCoin CS300 is equipped with a large easy-to-read LCD display with backlight.
